

E-Gyan - Product Brochure

January 31, 2018

Product Overview

E-Gyan is an android based comprehensive, mobile remote education solution for teachers and students with features like customizable online quizzes.

E-Gyan - Description

The app is made with the aim of promoting “Digital India” and bridging the gap between students and teachers by providing a digital platform which is easy to use .

Why Choose us?

The app comes with a user-friendly ui which anyone with a basic knowledge of operating a smartphone can employ. The app can be employed by a broad range of people ranging from private tutors to professors of colleges. The app has the customisability feature

according to the client's needs. Little to no alternatives are available in the current market. Hence this app can be greatly beneficial to all.
